Services We Offer

• Smart Factory Solutions

- Production Monitoring / Scheduling
- Track and Traceability (From RM to Dispatch)
- Live Production dashboards / reports
- Maintenance Management(Preventive & Predictive)
- Quality Management

• Warehouse Automation

- AGV/AMR
- WMS/WCS

• Packaging Machines

- Manufacturing

LET YOUR LINE TALK TO YOU DIRECTLY

SmartFactoryWorx – How It Works

Login → Create → Design → Publish → Fill → Review → Analyze

Create forms by entering a Form Name and selecting a Folder.

Design with drag-and-drop (tabs, multi-column layouts, grids, and field types).

Save & publish a versioned form to the library for operators.

Operators fill with batch/shift context and submit; supervisors review and export; managers analyze trends.

User Roles

Admin – Manages users, roles, folders, and global settings.

Supervisor – Creates/edits forms, publishes versions, reviews submissions, exports reports.

Operator – Fills assigned forms for their line/department; saves drafts and submits records.

Step-by-Step Flow

- 1) Login:** Users sign in with role-based access control (RBAC).
- 2) Create Form (Admin/Supervisor):** Provide a Form Name and select a Folder (Production, Quality, Utilities, etc.).
- 3) Design on Canvas:** Drag-and-drop fields; structure with tabs, columns, and grids; add required/validation rules.
- 4) Save & Publish:** Publish the version to the form library; version history preserved for audit.
- 5) Fill & Submit (Operator):** Capture batch/shift, line/equipment, readings; Save draft or Submit final.
- 6) Review & Export (Supervisor):** View All Submissions, filter by date/batch/shift/folder/line; export CSV/PDF.
- 7) Analyze (Managers/Supervisors):** Track completion rate, volumes, and trends on dashboards.

Review, Reporting & Analytics

All Submissions: sortable, filterable table with record preview.

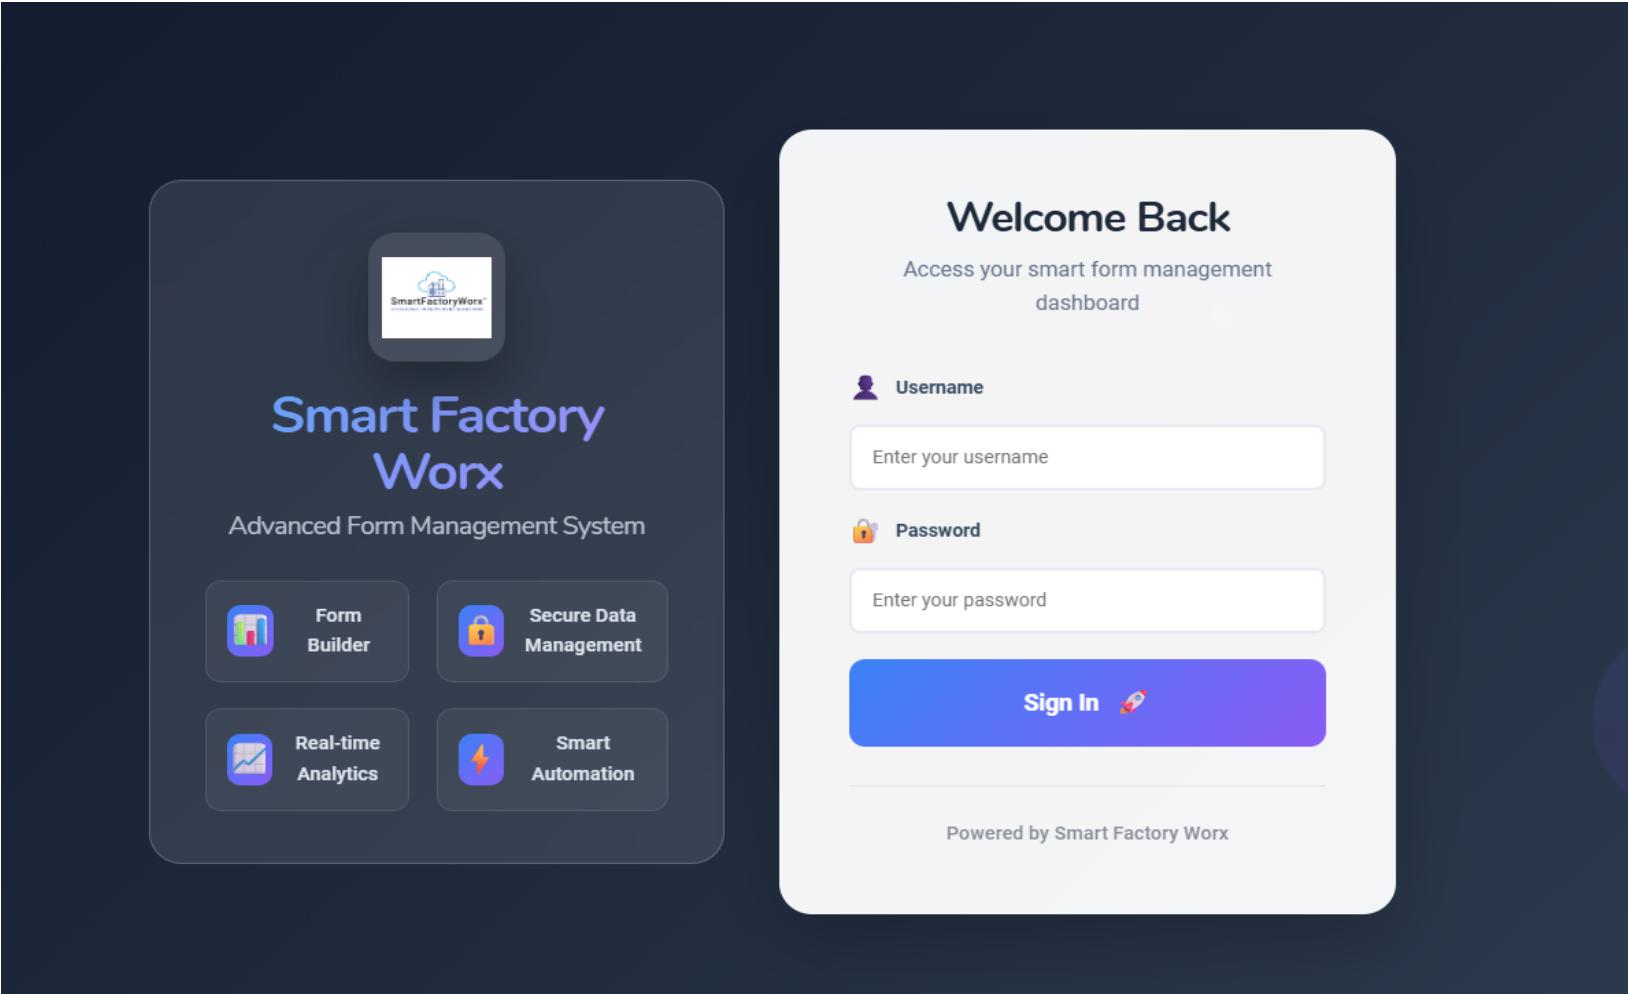

Filters: date range, batch, shift, folder, line/equipment, form name.

Exports: CSV/PDF for audits and offline sharing.

Analytics: totals, completion %, 7–14-day trends, and department/line breakdowns.

Secure Login & Welcome

The image shows a composite interface. On the left, a dark-themed application window titled "Smart Factory Worx" displays its features: Form Builder, Secure Data Management, Real-time Analytics, and Smart Automation. On the right, a white-themed login screen titled "Welcome Back" prompts the user to enter their username and password. A large blue "Sign In" button with a rocket icon is at the bottom. The bottom of the main window says "Powered by Smart Factory Worx".

Home — Frequent Forms

The screenshot shows the SmartFactoryWorx application interface. On the left is a dark sidebar with navigation links: Home, Create Form, Forms (with a dropdown arrow), and Reports (with a dropdown arrow). The main area is titled "SmartFactoryWorx". It features two sections: "Recent Forms" (which displays a message: "No forms submitted on the selected date.") and "Frequent Forms". The "Frequent Forms" section lists seven items, each with a "Fill" button:

- 2-Soft water Analysis Report
BBPL_WTP
- 4-Back Wash & Sanitation Record
BBPL_WTP
- 6-Treated Water Analysis
BBPL_WTP
- 1-Raw Water Analysis Report
BBPL_WTP
- 7-Chemical Consumption Record
BBPL_WTP
- 5-Notes and Record
BBPL_WTP
- 3-Filter Efficiency Monitoring Record
BBPL_WTP

Create Form — Blank Canvas

The screenshot shows the SmartFactoryWorx platform's "Create Form" feature. On the left is a dark sidebar with navigation links: Home, Create Form (which is selected and highlighted in blue), Forms, and Reports. The main area has a header "SmartFactoryWorx" and two input fields: "Form Name" (placeholder "Enter your form name...") and "Folder Name" (placeholder "Enter folder name"). A red warning message at the top right says "Please enter a form name before adding any fields". Below these is a "Form Fields" section with tabs for "Basics" (selected) and "Advanced" and "Layout". Under "Basics", there are eight field types: Single Line Text, Multi-line Text, Number Input, Password Field, Single Checkbox, Dropdown Menu, Multiple Choice, and Radio Buttons. To the right is a large dashed rectangular area with the placeholder text "Drag fields here".

Builder — Columns, Tabs & Blocks

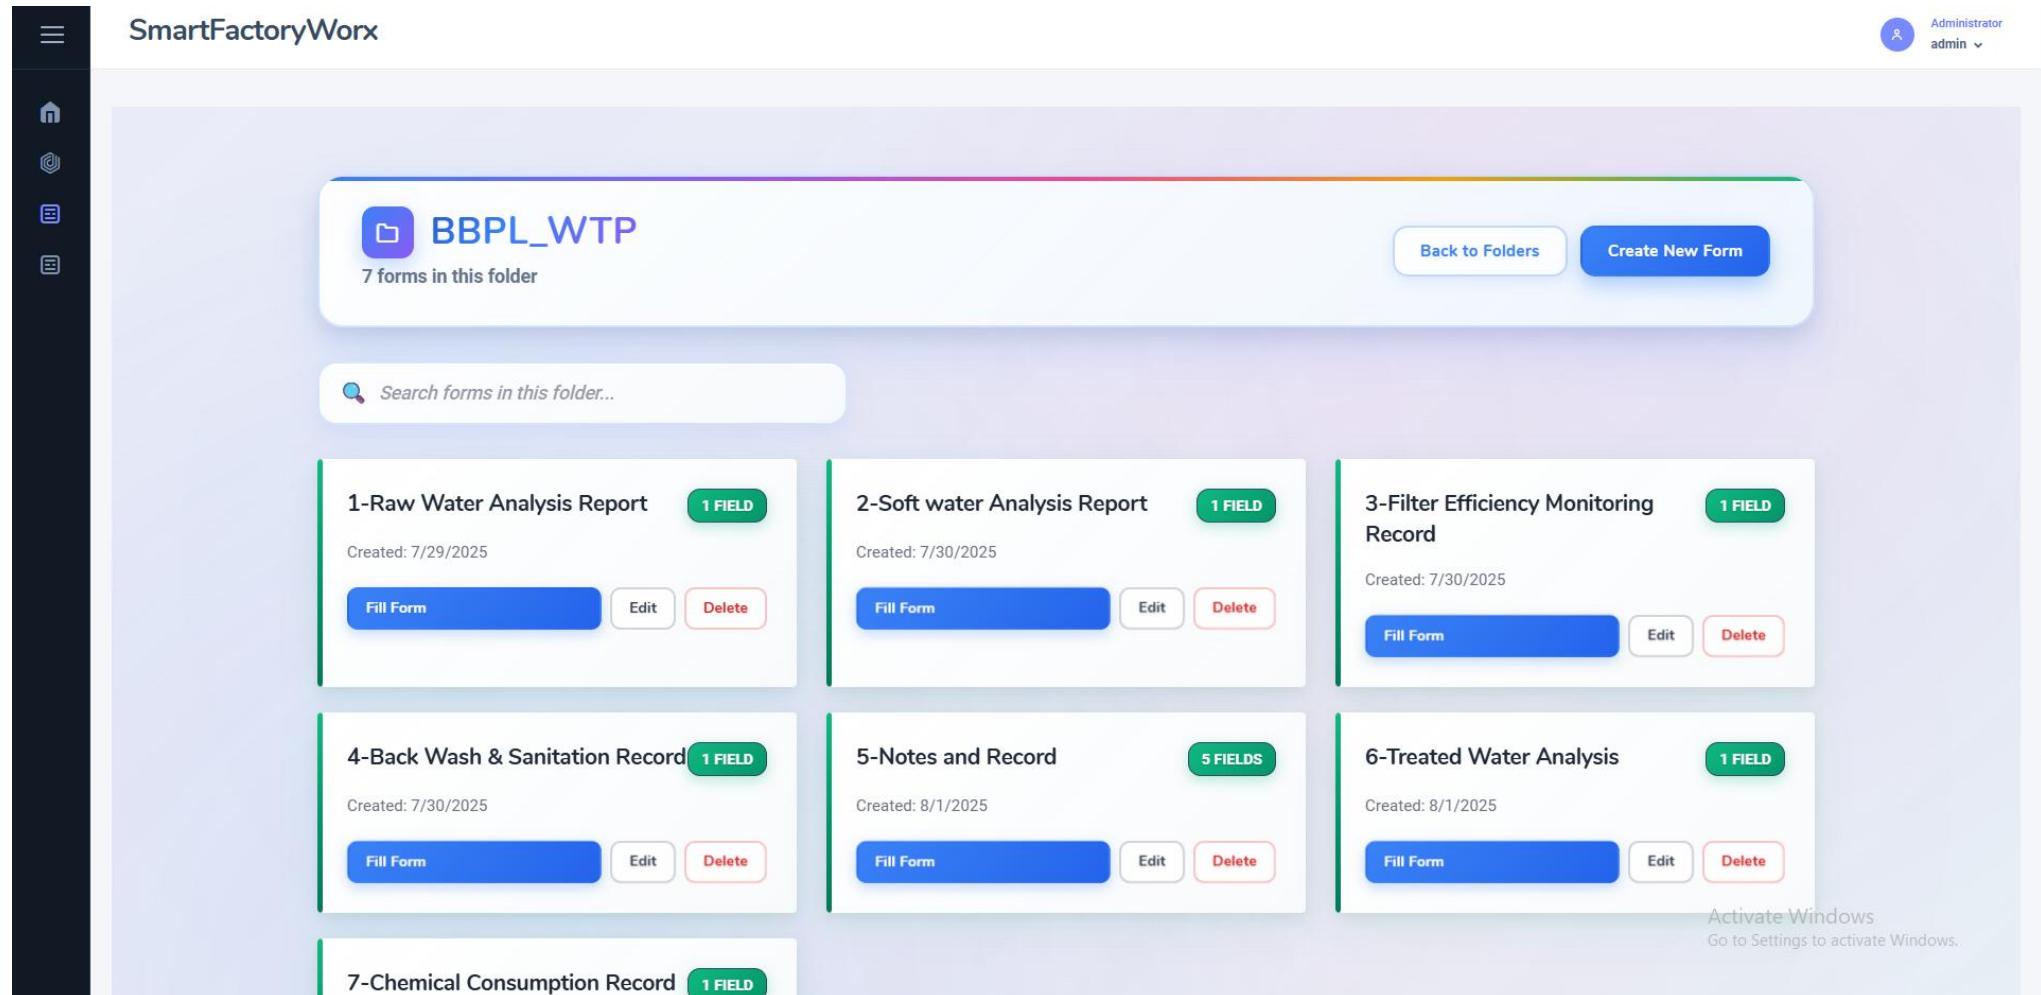

The image shows the SmartFactoryWorx Builder interface. At the top, there is a header bar with "Form Name" (set to "Form name here") and "Folder Name" (set to "Folder name here"). On the far right, there is a user profile for "Administrator admin". On the left, there is a sidebar with a menu icon, a home icon, a settings icon, and a folder icon. The main workspace is titled "Form name here". It contains a "Form Fields" section with a "Drag or click to add fields" message and a "Basics" tab selected. Below this are various field types: Single Line Text, Multi-line Text, Number Input, Password Field, Single Checkbox, Dropdown Menu, Multiple Choice, and Radio Buttons. The main area features two columns labeled "Column -1 name" and "Column -2 Name". Below these columns is a tab navigation bar with "Tab 1" (selected), "Tab 2", "Tab 3", "Tab 4", "Tab 5", and a "+ Add Tab" button. The "Tab 1" content area contains the placeholder text "Tab -1 Content". A watermark at the bottom right of the workspace says "Activate Windows Go to Settings to activate Windows.".

Form Library — Folders

The screenshot shows the SmartFactoryWorx Form Library interface. The top navigation bar includes the application name "SmartFactoryWorx", a user profile for "Administrator admin", and a header with "Form Management" and a green "+ CREATE FORM" button. Below the header, a sidebar on the left contains icons for Home, Recent, Forms, and Grid. The main content area displays a single folder named "BBPL_WTP" with a blue folder icon, and a small circular badge with the number "7" indicating the count of items within the folder. At the bottom right, there are links for "Activate Windows" and "Go to Software for Industrial Machines".
